

I would be honored to serve as your New Mexico Federation President.

I have been involved at the Federation level continuously since 2008, in the positions of SW District Vice President and Vice President for Legislation.

I have served on the Legislative Committee at the National Conventions in Orlando and Reno. This year I was fortunate to be selected for the Advocacy Advisory Committee (renamed from the Legislative Committee). By being involved in NARFE outside of the Chapter provides me with contacts and information to keep you informed. By that I mean attending and participating on committees, Federation and Regional Conferences, and National Conventions, as well as volunteering for position(s) at the Regional level. These experiences have been invaluable as it fostered my working relationship with employees at the National Headquarters but also other Federations, Chapters and members throughout the United States.

I am a true believer in good leadership, mentorship and above all communications. You cannot be an effective leader if you do not communicate with your board, chapters, and above all you the member.

I have kept on top of the NARFE Strategic Plan, what they have done and what they are currently reviewing. This document has been instrumental in all the changes that have taken place since our 2016 National Convention in Reno. We have many changes in a short period of time and I hope that you will elect me as President to guide us through this process.

Respectfully submitted:

Sharon Reese
NM Federation Vice President for Legislation
