

Sergeant at Arms Committee Report

This is the fourth year I have served on the Sergeant at Arms committee at the NARFE National Convention. I have enjoyed having this experience very much.

The SAA Committee, with 22 members, is the largest committee at the convention and serves under strict rules at the pleasure of the national president. Duties include acting as:

- *customer service specialists
- *microphone assistants during general session discussions
- *light security positions
- *hall monitors
- *building traffic cops
- *public relations gurus

The most important goal of the SAA Committee is to make the convention as meaningful and enjoyable as possible. We certainly tried!
